

MORRION UNIVERSAL

MORRIÓN UNIVERSAL: Elements designed to protect the drains from sheets, paper, etc. As well as from the gravel on the roofs that have this type of finish.

ADVANTAGES

- Weather resistance
- Excellent attachment
- Easy to install
- Easy to open, clean and re-install.

APPLICATION

- Flexible leaf-guard (Morrion Universal):
- For protection of drains on trafficable and non-trafficable terraces.
- Anchored to the self-protected membrane or the finish by using simple pressure.

Auxiliary Bituminous Waterproofing
